Dear Lorraine,

Very happy to hear that you will be here March 16!! The total amount comes \$16K for a 1 week program, that will include 5 injections of Neupogen and 5 days of Laser/Ultrasound therapy along with the Stem Cell procedure into the cerebral spinal fluid.

We did move as of October 1st and now the clinic is in San Clemente. I suggest to patients to go on the Internet and Google hotels in San Clemente/Dana Point area, sites like expedia, orbitz, or [hotel.com](http://hotel.com) seem to be able to offer great deals and we are close to the beach, and any hotel in San Clemente is less than 15 min. away from us.

You can send us a check or we can do a credit card over the phone, what would be best for you to do? At least 1/2 the payment is due at the time of booking and the balance due upon arrival. For some reason that is a busy week for us so please let me know if you would like me to schedule this now?

Thank you,  
Laura

Hi Laura,

I spoke with Rickey and he actually wants to go with the lesser of the procedures this time around.
